## EL RENO PUBLIC SAFETY CENTER EL RENO, OKLAHOMA

Construction of a state of the art 22,000 square foot Public Safety Center completed in 2012 on the south side of the city of El Reno. The \$5.5 million dollar facility houses several municipal functions for the city including fire, police, and dispatch.

The PSC features a 4-bay apparatus bay capable of holding 8 units and also includes a fifth display bay near the street that showcases a vintage fire engine. Adjacent to the apparatus bay is housing which is shared by three fire crew shifts.

Other integral features of the design include offices for fire and police, dispatch facilities and equipment, and an emergency operations center.
